RE: On-demand CME Courses I'd Like to Take

Dear

I am writing to request permission to purchase an On-demand CME package from **Skin Bones, Hearts & Private Parts**, which specializes in high-quality education for physician assistants, nurse practitioners, registered nurses, and physicians.

Skin, Bones, Hearts & Private Parts is a fully accredited CME provider that has been delivering education for 14 years. Courses are led by medical experts and explore best practices and new research that are important for my position as

I have attended an in-person conference/purchased an On-demand package with Skin Bones and gained outstanding insight that advanced my patient care.

**OR (check one)**

This will be my first time purchasing an On-demand package from Skin Bones, but I know that their content receives positive reviews from NPs, PAs, RNs, and physicians nationwide.

The On-demand course topics include:

- Cardiology & Emergency Medicine
- Dermatology
- Diabetes
- Orthopedics
- Pain Management
- Women's Health and more!

I'm interested in purchasing \_\_\_\_\_, specifically to learn more about \_\_\_\_\_.

On-demand CME gives me the opportunity to renew my skills and to earn up to \_\_\_\_\_ CME credits and \_\_\_\_\_ APRN Pharmacology credits without travel. Plus, a portion of every registration goes towards scholarships for the Turn it Up! Foundation, which provides funding to deaf and hard of hearing children for musical pursuits such as piano lessons, musical instruments, and more.

Once I complete the courses, I will share the information that I learned with our team, thus giving everyone the opportunity to see what's new in patient care.

Thank you.

Sincerely,

**Here's what our attendees are saying:**
