May 2025

### Celebrate National Nurses Week with Us

[National Nurses Week](#) is May 6 through 12 (it begins on Florence Nightingale's birthday), and the American Nurses Association (ANA) will this year shine a light on The Power of Nurses™ to recognize the invaluable contributions of nurses worldwide and the real-life challenges they face every day. At Skin, Bones, Hearts & Private Parts, we're celebrating our nation's largest healthcare profession by offering a \$75 Amazon gift card when you purchase one of our full [On-Demand CME](#) packages! Earn CME credits on your own time and at your own pace, with packages worth up to 39 CME credit hours (Rx=13.5).

With more than 385,000 nurse practitioners (NPs) licensed in the U.S. and nearly 4.7 million registered nurses (RNs) nationwide, it's a profession we believe in, and we're proud to help advance the knowledge and stature of nurses year-round and further incentivize our On-demand CME course offerings this spring.

### Speaker Spotlight

[Angela Golden, DNP, FNP-C, FAANP, FOMA](#), is a family nurse practitioner, owner, and sole provider at NP From Home and NP Obesity Treatment Clinic – as well as a Skin, Bones, Hearts & Private Parts' speaker for our new combined cardiology and obesity CME course.

As obesity and cardiovascular disease often go hand-in-hand, we introduced new CME programming this year to cover both health challenges, with Dr. Golden adding, "The field of obesity management is expanding exponentially as we learn better ways to help patients eat better and be more active. We also have so many new medications in the pipeline to make treating the disease more individualized, and I'm excited to discuss and share those advances at upcoming CME Conferences.
